at the Guild of Boston Artists, 162 Newbury St, Boston MA

### **THE MAGIC OF WATERCOLOR PAINTING**

International watercolorist Jean Haines, SWA is well known for her passion for working in her favorite medium, watercolor.

Having lived and travelled in many countries, this popular artist has had the opportunity to develop her skills creating incredible paintings whilst under the influence of masters from many countries including Asia, the Middle East and Europe.

Living in China was a time when studying brush control had the greatest impact on the evolvement of Jeans style. Later working with artists from India and Pakistan introduced vibrant colors in her results compared to her previous more quiet

watercolors created whilst living in Europe.

The combination of East meets West in her style is unavoidable and to be enjoyed. Free flow of water along with no fear of working directly minus the use of a preliminary sketch leads Jean to amazing results that often leave viewers of her working in awe. Light and the use of beautiful color along with the ability to take any ordinary subject and turn it into an extraordinary painting with consistently unique results is what many artists aspire to achieve. Furthermore Jean has the ability to install enthusiasm and inspirational motivation in all around her. This workshop will be packed with demonstrations, discussions, individual help, and personal and group critiques.
