

MARILYN SWIFT

Artist Statement

Watercolor is my preferred medium because of its immediacy and continual challenges. Sometimes I will use oils or acrylic, when the subject dictates, but always return to watercolor. In my paintings you will find a wide variety of subjects - landscapes, seascapes, rocks, beaches, boatyards, gardens, etc. as well as the people I encounter. My interest is not in depicting minute detail, but in responding personally and emotionally to visual stimuli. If, when viewing my work, you, too, can feel as I have while painting, the heat or cold, the wind or calm, clarity or haziness, stillness or activity, order or chaos, then I have been successful.
